c. An answering of questions with regard to the foregoing.

d. Confirming with those commands communications which have been established to pass OXY reports on CHICOM coverage.

e. New procedure on sanitization of CHICOM photographic materials for theatre use, knowledge of [redacted] and the need for care in living requirements for sanitization on the limited [redacted] facility.

2. If the foregoing constitutes an acceptable agenda, I would think it important that before your representatives take off that there be a canvassing of the foregoing among [redacted] Reber, Geary or [redacted] and the TCOs from Army, Navy, and Air -- the last are included because to protect ourselves they need to be fully apprised of our approach to solving the CHALICE/TALENT problem at Honolulu.
